

# 7-8" Fit-N-Grip Universal 360 Case, Black

THZ590US

## Overview

The search for well-fitting protection can be frustrating for non-mainstream tablet or eReader users – the Targus Fit N' Grip Universal 360° Rotational Case is designed for you. The universal cradle of the Fit N' Grip securely holds your 7-8" devices in place with shock absorbing corners. And, you finally have a case that gives you access to your camera without taking the tablet out of its case. Even enjoy a seamless transition between portrait and landscape orientations that puts you in control of how you interact with your device.

## Features

- Making it simple to transition between landscape and portrait options, the 360-degree feature allows for more viewing versatility while keeping your device in the case.
- Elastic band closure keeps buttons accessible
- Device is held securely and safely in place by a cradle with reinforced corners that has just enough stretch to secure devices with 7" to 8" screens
- Convenient typing angle by folding the cover back to form a triangle stand
- Simply fold the corner of the case back to take a photo
- The premium soft-to-the-touch interior lining is designed to help remove dust and prevent scratches.
